

QUESTIONS FOR NEGROES

(General questions as to background and experience)

1. From your association with Negro children, do you believe that they acquire a feeling of inferiority through attending segregated schools?
2. From your experience and observation, do you believe that Negro or white teachers are better able to teach Negro children, or is there any difference?
3. From your association with Negro children, do you think they would have a better opportunity for developing leadership and initiative in an integrated school or in a segregated one?

(If "integrated") What if there were less than 5% of 10% Negro children in the school?
4. In your community, do you consider the white schools better or poorer than the Negro schools, or are they about equal as to

A. Physical plant?

B. Ability of teachers?

C. Courses offered?

D. Number of pupils per class?
