- *Ulmus rubra* (Slippery Elm)
- *Ulmus americana* (American Elm)
- *Liquidambar styraciflua* (Sweetgum)
- *Cercis canadensis* (Eastern Redbud)
- *Acer rubrum* (Red Maple)
- *Cornus florida* (Flowering Dogwood)
- *Nyssa sylvatica* (Black Tupelo)

Plants identified by Tanya Brandon, Jennifer Davis, Joel Foy, John Graham, Marjorie Lester, Jennifer Neely, Deborah Prince, Lisa Saroka, Jamie Satcher, Jeremy Smith, Carl Tallent, and Carin Whitman. This is not a complete list of the plant species in the vicinity of Victory Lake. Specimens were collected by students in John Graham's Biological Diversity (BIO 106) class at Berry College during the fall of 1998. Additional survey in the spring of 1999 by John Graham. Most specimens were collected between the gate near the ruins of the old boathouse and the bridge over Big Dry Creek at the upper end of Victory Lake.
