

CURRICULUM VITAE

MARTIN L. CIPOLLINI
Department of Biology, 430 Berry College
Mt. Berry, GA 30149

PH: 706-290-2149
FAX: 706-238-7855
Cell: 706-346-7956
E-Mail: mcipollini@berry.edu

Faculty Web Page: <http://sites.berry.edu/mcipollini>

BIRTHPLACE/DATE:

Indiana, Pennsylvania, January 5, 1960

MARITAL/FAMILY STATUS:

Married to Kathryn Lynn Patrick
Parent of Ian Thomas Cipollini and Megan Elizabeth Lynne Cipollini

EDUCATION:

1991. Ph.D. Ecology. Rutgers University, New Brunswick, NJ. Dissertation: Chemical defense of ripe fruit: antifungal defense versus frugivore attraction in the Ericaceae. Advisor: Dr. Edmund W. Stiles.

1984. M.S. Biology. Indiana University of Pennsylvania, Indiana, PA. Thesis: The phytotoxicity of barium in leach-field disposal of gas well brines. Advisor: Dr. Jerry L. Pickering.

1981. B.S. Biology major/Chemistry minor. Indiana University of Pennsylvania, Indiana, PA.

PROFESSIONAL EXPERIENCE:

2013 – present. Steering Committee, Talladega-Mountain Longleaf Pine Conservation Partnership (chair of the Northwest Georgia Working Group).

2011 – present. Dana Professor of Biology, Berry College, Department of Biology, Mount Berry, GA. Courses taught: Principles of Cell Biology, Principles of Microbiology and Botany, General Microbiology, Forest Ecology, Biology Seminar.

2006 – present. Director of the Berry College American Chestnut project and undergraduate internship program (collaborative program with the Georgia Chapter of the American Chestnut Foundation; science coordinator for the state of Georgia).

2002 - present. Research Collaborator: Plant Ecology Laboratory. Smithsonian Institution, Smithsonian Environmental Research Center, Edgewater, MD.

2001 - present. Director of the Berry College Longleaf Pine Project, Department of Biology, Mount Berry, GA.

2011. Faculty Participant: Scientific and Economic Analysis of Environmental Issues: An Institute for Teachers on Free Market Environmentalism. Costa Rica.

2011. Introduction to GIS. Berry College (Audited course).

2008 – 2011. Professor: Berry College, Department of Biology, Mount Berry, GA. Courses taught: Principles of Cell Biology, Principles of Microbiology and Botany, General Microbiology, Forest Ecology, Tropical Biodiversity and Conservation (Costa Rica), Biology Seminar.

2008. Basic Tree Climbing Technician Certificate, Tree Climber's Coalition and TreeTrek Adventures, February 2008.

2006. Introduction to ArcGIS I Certificate, Kennesaw State University, May 2006.

2000 - 2010. Research Cooperator. United States Geological Survey - Biological Resources Division, Hawaii Volcanoes National Park, HI.

2001 - 2008. Associate Professor: Berry College, Department of Biology, Mount Berry, GA. Courses taught: Biological Diversity, General Botany, Principles of Biology I and II, Principles of Cell Biology, Microbiology, Forest Ecology, Tropical Biodiversity and Conservation (Costa Rica), Biology Seminar

2003 - 2007. Project Director of the Berry College National Science Foundation Research Experiences for Undergraduates Program in Ecology and Environmental Biology.

2001 – 2004. Chair: Berry College, Department of Biology, Mount Berry, GA.

2003. Prescribed Burn Manager Certificate, Georgia Forestry Commission.

2003. Faculty Participant: Scientific and Economic Analysis of Environmental Issues: An Institute for Teachers on Free Market Environmentalism. Costa Rica.

1998 - 2001. Department Coordinator: Berry College, Department of Biology, Mount Berry, GA.

1995 - 2001. Assistant Professor: Berry College, Department of Biology, Mount Berry, GA. Courses taught: General Botany, Principles of Biology I and II, Environment and Society,

Microbiology, Plant Taxonomy, Plant Ecology, Tropical Biodiversity and Conservation (Costa Rica), Biology Seminar, Freshman Seminar.

1998. Environmental Consultant, Douglas County Endangered Species Survey: Garrett Consulting, Inc., Kennesaw, GA.

1997 - 1999. Research Collaborator: Plant Ecology Laboratory. Smithsonian Institution, Smithsonian Environmental Research Center, Edgewater, MD.

1997 - 1999. Scientific Consultant: Eisenhower education grant for Drs. Stephen Bell and Mary Outlaw, Berry College, Department of Education, Mount Berry, GA.

1996. Botanical Consultant: West Rome Bypass Project Endangered Species Survey: Edwards-Pittman Environmental, Inc., Smyrna, GA.

1993 - 1995. Postdoctoral Research Associate: University of Florida, Department of Zoology, Gainesville, FL.

1994. Resource Person, Field course in Tropical Biodiversity and Conservation (Costa Rica): Organization for Tropical Studies, Durham, NC.

1991 - 1993. Smithsonian Postdoctoral Fellow: Smithsonian Institution, Smithsonian Environmental Research Center, Edgewater, MD.

1990 - 1991. Curator of Botanical Records: Willowood Arboretum, Morris County Park Commission, Morristown, NJ and Rutgers University, Department of Biological Sciences, Piscataway, NJ.

1989. Course Participant, OTS 89-3 Field course in Tropical Biology (Costa Rica): Organization for Tropical Studies, Durham, NC.

1987 - 1990. Coordinator/Lecturer, General Ecology: Rutgers University, The Summer School, New Brunswick, NJ.

1987 - 1990. Assistant to Director: Hutcheson Memorial Forest, Rutgers University, Department of Biological Sciences, Piscataway, NJ.

1984 - 1987. Teaching Assistant, General Biology: Department of Biological Sciences, Rutgers University, Piscataway, NJ.

1982 - 1983. Field Botanist: A.G. Shields Herbarium, Department of Biology, Indiana University of Pennsylvania, Indiana, PA.

1982. Botanical Consultant: Office of Campus Physical Planning, Indiana University of Pennsylvania, Indiana, PA.

1981 - 1983. Teaching Assistant, General Biology, Mycology, Cell Biology, Immunology: Department of Biology, Indiana University of Pennsylvania, Indiana, PA.

GENERAL RESEARCH INTERESTS:

Evolutionary ecology, plant secondary chemistry, plant reproductive ecology, plant-animal interactions, frugivory and seed dispersal, ecological biochemistry, ecological restoration, physiological ecology, plant pathology, microbiology, foraging behavior, fire ecology, tropical ecology, and conservation biology.

PUBLICATIONS/MANUSCRIPTS: (undergraduate co-authors are underlined)

Papers in preparation (data collected/manuscripts drafted):

Cipollini, M.L., N. R. Dingley, and P. Felch. Changes in vegetative structure across the first decade of restoration management in an old growth mountain longleaf pine forest. Work in progress.

Cipollini, M.L., D. Whigham, J. O'Neill, N.R. Dingley, and P. Felch. 2014. Evaluation of primary sex ratio of seeds from a population of *Lindera benzoin* (Spicebush) showing pronounced female-biased adult sex ratios. Work in progress.

Cipollini, M., S. Watkins, T. Kantelis, N.R. Dingley, and P. Felch. Evaluation of phenotypic traits and blight-resistance in an American chestnut backcross orchard at Berry College, Georgia. Work in progress.

Cipollini, M.L. and D. Whigham. Long-term responses of the understory shrub *Lindera benzoin* L. (Lauraceae) to canopy closure: implications for sex ratio variation (*in preparation for Plant Species Biology*).

Cipollini, M.L., A. Lottes, and C. Francia (and/or other possible student co-authors). Effects of restoration fuel-reduction burning on mortality and health of relict Mountain Longleaf Pines (*in preparation for Restoration Ecology or Forest Ecology and Management*).

Cipollini, M.L., L. Bohs, E. Paulk, R. Neal, and K. Boehning-Gaese. Interspecific variation in fruit chemistry and morphology in the genus *Solanum*: ecology vs. phylogeny revisited (*in preparation for Ecology*).

Banko, P., R. Neal, K. Brinck, W. Watkins, W. Brooks, M. Cipollini, and G. Breton. Intraspecific variation in quinolizidine alkaloids of mamane (*Sophora chrysophila*) seeds. (*in preparation for Journal of Chemical Ecology*).

Submitted papers:

Coughlin, E., M. Cipollini, and S. Watkins. 2014. Chestnut's newest enemy: Ambrosia beetles. (submitted to The Nutshell - Newsletter of the Northern Nut Growers Association; not peer-reviewed)

Accepted papers:

None.

Published papers:

Cipollini, M.L. and T. Saielli. 2015. Breeding for disease-resistance in American chestnut in the southern U.S.: the role of state chapters of The American Chestnut Foundation. Chinkapin - Newsletter of the Southern Appalachian Botanical Society 23(1):7-8. (not peer-reviewed)

April 30, 1999 (technical report).

Cipollini, M. L. and K. R. Collins. 1998. An assessment of Biorinse as a post-chill treatment to reduce pathogenic bacterial loads of poultry products. American Food Safety Products, Inc. September 11, 1998 (technical report).

Cipollini, M. L. 1992. Hey girls, where are all the guys? A report on female-biased sex ratios in a foxy spicebush population. On the Rhoads 2: 2-3 (news article).

Cipollini, M. L. 1992. Microbes, plants, and herbivores. *BioScience*, January 1992 (invited book review).

Cipollini, M. L. 1991. The Willowwood Arboretum Botanical Records Program. Morris County Park Commission, April 1991 (computer program and procedure manual).

AWARDS:

2012. The American Chestnut Foundation Volunteer Service Award – 2012 State of Georgia.

2011. Dana Professor of Biology, Berry College, Mount Berry, GA.

2008. Martindale Faculty Award of Distinction, Berry College, Mount Berry, GA.

2005. Inducted into the Honor Society of Phi Kappa Phi.

2004. Inducted into Sigma Xi, The Scientific Research Society.

1990-1993. Smithsonian Post-Doctoral Fellowship, The Smithsonian Institution, Washington, D.C. Sexual dimorphism and cost of reproduction in the dioecious shrub *Lindera benzoin*.

1989. Organization for Tropical Studies Fellowship. The Graduate School, Rutgers University, New Brunswick, New Jersey.

1986-1988. Hutcheson Memorial Forest Fellowships. Department of Biological Sciences, Rutgers University, Piscataway, New Jersey.

1984-1985. Graduate Merit Scholarships. Rutgers University, New Brunswick, New Jersey.

1984. Award for Most Outstanding Graduate Student Research. Sigma Xi Club, Indiana University of Pennsylvania, Indiana, Pennsylvania.

1980. Inducted into Chi Beta Phi National Honorary Science Fraternity, Indiana University of Pennsylvania Chapter, Indiana, Pennsylvania.

RESEARCH GRANTS and PROPOSALS:

In preparation:

N/A

Submitted:

N/A

Funded (not counting Berry College School of Mathematics and Natural Sciences Travel Grants to present papers at conferences):

National Fish and Wildlife Foundation Longleaf Stewardship Fund. 2014. \$280,000 to The Nature Conservancy (K. Tassin, PI) to support the Talladega-Mountain Longleaf Pine Conservation Partnership (\$344,040 in matching contributions provided by The Nature Conservancy). Project Partner (assisted with grant writing and will assist as a project administrator). 3 yr. period starting July 22, 2014.

Faculty Professional Development Grant, Berry College. 2014. Tree Seedling Projects: American Chestnut and Spicebush. \$1,250.

Laura Maddox Smith Summer Research Institute for the Environmental Sciences. 2013. The first blight-resistance tests in American chestnut orchards in Georgia. (Martin Cipollini, Samuel Watkins, and Theron Kantelis). \$5,500

Development of Undergraduate Research Grant. School of Mathematical and Natural Sciences and the Berry College Chapter of Sigma Xi, Berry College. 2012. Trapping and monitoring Ambrosia beetles for the implementation of integrated pest management in Georgia Chestnut orchards. (Martin Cipollini, Erin Coughlin, and Samuel Watkins). \$355.

Georgia Chapter of the American Chestnut Foundation. 2010. Proposal for an American chestnut backcross orchard to be established in cooperation with Berry College and the Henry Family (Armuchee, GA). (Martin Cipollini and Erin Coughlin). \$39,801.

Provost's Office, Berry College. 2009. Proposal to obtain rugged laptops for general field use in the Biology Department. \$4450.

Faculty Professional Development Grant, Berry College. 2009. Prescribed burns in the Berry College Longleaf Pine Management Area. \$660.

Georgia Chapter of the American Chestnut Foundation. 2008. A grant proposal for a water tap and drip irrigation system for the Berry College American Chestnut backcross orchard. \$5416.

Faculty Professional Development Grant, Berry College. 2008. A water tap for a drip irrigation system for the Berry College American Chestnut Backcross Orchard. \$2000.

Faculty Professional Development Grant, Berry College. 2007. The Establishment of a seedling-based Longleaf pine seed orchard on the Berry College campus. \$2000.

Georgia Forestry Commission Southern Pine Beetle Prevention Program. 2006. Forest Health and Public Education and Outreach: Use of the Longleaf Pine in Restoring Healthy Forests to Northwest Georgia. \$15,000.

Georgia Chapter of the American Chestnut Foundation. 2006. Berry College American Chestnut Backcross Orchard. \$35,885.

Development of Undergraduate Research Grant, School of Mathematical and Natural Sciences and the Berry College Chapter of Sigma Xi, Berry College. 2006. The Evaluation of Graft Success Rate in the Berry College Mountain Longleaf Seed Orchard. \$1000.

National Fish and Wildlife Foundation – Southern Company Longleaf Legacy Grant. 2005. Berry College (GA) Longleaf Pine Project. \$41,564 (plus \$145,995 matching funds).

Faculty Professional Development Grant, Berry College. 2004. An analysis of sex-ratio variation in spicebush (*Lindera benzoin*) using matrix demographic modeling. \$2000.

National Science Foundation Research Experiences for Undergraduates Sites Grant. 2004. REU Site: An Integrative Faculty/Student Research Program in Biology at Berry College. \$166,244 (Co-PI Patricia Tomlinson).

Georgia DNR Watchable Wildlife and Education Project Grant. 2003. Berry College Longleaf Management Project Interpretive Trails. \$5000.

Faculty Development Grant, Berry College. 2003. The Berry College Longleaf Management Plan. \$2000.

Development of Undergraduate Research Grant, School of Mathematical and Natural Sciences, Berry College. 2002. The Berry College Longleaf Management Plan. \$1000.

Development of Undergraduate Research Grant, School of Mathematical and Natural Sciences, Berry College. 2001. Secondary metabolites of fleshy fruits: ecology vs. phylogeny in the genus *Solanum*. \$1426.

Development of Undergraduate Research Grant, School of Mathematical and Natural Sciences, Berry College. 2001. Secondary metabolites of fleshy fruits: ecology vs. phylogeny in the genus *Solanum*. \$1500.

Faculty Development Grant, Berry College. 2000. Effect of nitrogen and water treatment on leaf chemistry in Horsenettle *Solanum carolinense*, and relationship to herbivory by flea beetles (*Epirix* spp.) and Tobacco Hornworm (*Manduca sexta*). \$2500.

Faculty Development Grant, Berry College. 1999. Inter- and intra-specific variation in fruit chemistry of *Solanum* species. \$1500.

Summer Research Program in Environmental Sciences, School of Mathematical and Natural Sciences, Berry College. 1999. Secondary metabolites of fleshy fruits: ecology vs. phylogeny in the genus *Solanum*. \$5200.

International Travel Grant, School of Mathematical and Natural Sciences, Berry College. 1999. To collect *Solanum* fruit samples in Monterrey, Mexico and Guanacaste, Costa Rica in October, 1999. \$2500.

Development of Undergraduate Research Grant, School of Mathematical and Natural Sciences, Berry College. 1999. Secondary metabolites of fleshy fruits: ecology vs. phylogeny in the genus *Solanum*. \$1293.

American Food Safety Products., Alpharetta, GA. 1999. An assessment of “BioRinse” as a post-chill treatment to reduce *Salmonella* on poultry. \$11165.

American Food Safety Products., Alpharetta, GA. 1998. An assessment of “BioRinse” as a post-chill treatment to reduce pathogenic bacterial loads of food products. \$9891.

Development of Undergraduate Research Grant, School of Mathematical and Natural Sciences, Berry College. 1998. For a study on the effect of nitrogen on fruit number and fruit chemistry in *Solanum carolinense*. \$700.

Lettie Pate Evans Multimedia Instruction Grant, Berry College. 1997. Development and incorporation of instructional technology into the General Botany course. \$1170.

Development of Undergraduate Research Grant, School of Mathematical and Natural Sciences, Berry College. 1997. Development of HPLC and LC techniques for *Solanum* glycoalkaloids. Berry College, Mt. Berry, GA. \$647.

Academic Research Infrastructure Grant, National Science Foundation. 1996. Glycoalkaloids of *Solanum* fruits: intraspecific patterns and effects upon consumers. \$51194.

Research Experiences for Undergraduates Supplemental Grant, National Science Foundation. 1996. The role of *Solanum* fruit pulp glycoalkaloids in influencing gut retention times and viability of seeds consumed by birds and mammals. \$5000 (Co-PI with Douglas J. Levey, University of Florida).

Faculty Development Grant, Berry College. 1996. \$620.

Faculty Development Grant, Berry College. 1996. \$390.

Faculty Development Grant, Berry College. 1995. \$450.

Research Experiences for Undergraduates Supplemental Grant, National Science Foundation. 1994. Dispersal syndromes in the Solanaceae. \$3500 (Co-PI with Douglas J. Levey, University of Florida).

Academic Research Grant, National Science Foundation. 1992. Glycoalkaloids of Solanaceous fruits: relative effects on seed dispersing and non-seed-dispersing organisms. \$174428 (Co-PI with Douglas J. Levey, University of Florida).

Research and Exploration Grant, National Geographic Society. 1992. Reproductive ecology of an annual neotropical legume, *Sesbania emerus*. \$850.

Pilot Research Award, Organization for Tropical Studies. 1991. Seed size variation and the establishment of fitness hierarchies in an annual neotropical legume, *Sesbania emerus*. \$1930.

Dissertation Travel/Improvement Grants, The Graduate School, Rutgers University. 1988. Chemical defense of ripe fruit: antifungal defense vs. frugivore attraction in the Blueberry Family (Ericaceae). \$773.

Steinetz-Leathem Awards. Department of Biological Sciences, Rutgers University. 1985. Chemical defense of ripe fruit: antifungal defense vs. frugivore attraction in the Blueberry Family (Ericaceae). \$2870.

Grant-in-Aid of Research. Sigma Xi The Scientific Research Society. 1987. Sexual dimorphism and cost of reproduction in the dioecious tree *Nyssa sylvatica*. \$400.

Sigma Xi Matching Grant. Bureau of Biological Research, Rutgers University. 1987. Sexual dimorphism and cost of reproduction in the dioecious tree *Nyssa sylvatica*. \$323.

Rejected:

International Program Summer Course Development Grant (for BIO383/BIO480 with Christopher Hall). Berry College. Submitted February 2009.

Summer Course Development Grant (to add labs to BIO111). Berry College. February 2007.

Georgia DNR Watchable Wildlife and Education Project Grant. Berry College Longleaf Management Project Interpretive Trails: Improvement and Wheelchair Accessible Extension. \$5000. Submitted 2006.

American Forests Global Releaf Forests Grant. The Berry College Longleaf Management Plan. \$237882. Submitted December 2002.

Georgia Botanical Society Grant. The Berry College Longleaf Management Plan. \$1500. Submitted November 2002.

BP Conservation Programme Grant. The Berry College Longleaf Management Plan. \$70544. Submitted November 2002.

Academic Research Grant, National Science Foundation. Secondary metabolites of fleshy vertebrate-dispersed fruits: phylogeny vs. ecology in the genus *Solanum*. \$183440 (Co-PI, Lynn Bohs). Submitted June 2000.

Academic Research Grant, National Science Foundation. Secondary metabolites of fleshy vertebrate-dispersed fruits: phylogeny vs. ecology in the genus *Solanum*. \$138165 (Co-PI, Lynn Bohs). Submitted December 1998.

Academic Research Grant, U.S./Israel Binational Science Foundation, Israel. Secondary metabolites as mediators of fruit-frugivore interactions. \$210075 (Co-PI with Ido Izhaki and Daniel Afik, University of Haifa, and Douglas J. Levey, University of Florida). Submitted December 1998.

PROFESSIONAL ORGANIZATIONS (* denotes current membership):

American Association for the Advancement of Science (AAAS)*

American Institute of Biological Sciences (AIBS)*

Association of Southeastern Biologists (ASB)*

Nominated for Secretary: 1997

Annual Meeting Session Chair/Student Award Judge: 1997

Annual Meeting Odum Student Award Judge: 2006

Brewers Association (BA)

Ecological Society of America (ESA)*

Annual Meeting Session Chair: 1993

SEEDS (Strategies for Ecology Education, Development and Sustainability)

Student Mentor: 2006

Georgia Academy of Science (GAS)

Georgia Botanical Society (GBS)

Georgia Prescribed Fire Council (GA-PFC)*

Steering Committee Member, 2007 – present.

Longleaf Alliance (LLA)*

Organizer and Field Trip Coordinator for 2nd Mountain Longleaf Conference: 2005

Editor of Proceedings for 2nd Mountain Longleaf Conference: 2006

Organizer for 3rd Mountain Longleaf Conference: 2007

Natural Areas Association (NAA)*

Organization for Tropical Studies (OTS)*

Phi Kappa Phi*

Sigma Xi*

Talladega-Mountain Longleaf Pine Conservation Partnership (TMLPCP)*

Chair of the Northwest Georgia Working Group.

The Georgia Chapter of the American Chestnut Foundation (GA-TACF)*

Volunteer in Pollination, Seed Harvesting, and Seed Orchard Work: 2005-present

Board Member: 2006-present

Scientific Coordinator/Data Manager: 2006-present

Director of the Berry College Backcross Orchard: 2006-present

Director of the Henry-Berry College Backcross Orchard: 2010-present.

Supervisor of the Berry College GA-TACF Interns: 2006-present

Annual meeting organizer: 2009 and 2012.

REVIEWER OF MANUSCRIPTS and GRANTS FOR: Yellow denotes year 2014-2015.

Acta Oecologia, **American Journal of Botany**, American Midland Naturalist, American Naturalist, Annals of Botany, Arquipelago, Auk, Australian Journal of Zoology, **Biological Conservation**, Biotropica, Botany, Botany NRCC, CABI, Inc., Conservation Biology, Current Biology, Ecography, Ecology, Ecology Letters, Ecological Entomology, EcoScience, Enslow

Publishers, Frugivores and Seed Dispersers, **Functional Ecology**, Georgia Department of Natural Resources, International Journal of Biological Chemistry, International Journal of Plant Science, Israel Science Foundation, Journal of Avian Biology, **Journal of Chemical Ecology**, Journal of Ecology, Journal of Ornithology, Journal of the Torrey Botanical Society, Journal of Vegetation Science, National Science Foundation, Nature, New Phytologist, Northeastern Naturalist, Oikos, **Oecologia**, Plant Ecology, Plant Species Biology, PloS One, Population Ecology, Restoration Ecology, Trinity University (tenure application), University of Georgia Press (Leslie Edwards), USDA Forsest Service, U.S./Israel Binational Science Foundation.

INVITED PRESENTATIONS, WORKSHOPS, and FIELD TOURS:

- 2014. Kennesaw State University, Kennesaw, GA. November 13, 2014 (oral presentation)
- 2014. Western North Carolina University, Cullowhee, NC. September 19, 2014 (oral presentation)
- 2014. College Canopy Conference. Georgia Urban Forest Council. Berry College, Mount Berry, GA. September 17, 2014 (field tour)
- 2014. Bonner Summer Leadership Institute: Community-Based Learning: Pedagogies, Partners, and Practice Symposium. May 29, 2014, Berry College, Mount Berry, GA (oral presentation and discussion)
- 2014. Georgia Statewide Arbor Day Ceremony, February 18, 2014, Rome, GA (oral presentation)
- 2013. The American Chestnut Foundation's 30th Annual Meeting, Herndon, VA. (oral presentation and workshop leader)
- 2013. Talladega-Mountain Longleaf Pine Conservation Partnership/NW Georgia Working Group (oral presentation, workshop participant, meeting organizer).
- 2013. Appalachian Mountains Joint Venture meeting, Mansfield, GA (oral presentation and workshop participant).
- 2013. Coastal America (EPA) meeting, Atlanta, GA (workshop and field tour participant)
- 2013. Talladega-Mountain Longleaf Pine Conservation Partnership meeting, Heflin, AL (workshop participant)
- 2013. Georgia State Natural Communities course field tour. Berry College, Mount Berry, GA (field tour).
- 2013. Armuchee Ridges Thinning and Restoration Project, Chattahoochee National Forest, Annual Program of Work Meeting (workshop and field tour participant).
- 2013. Annual Meeting of the Georgia Chapter of the American Chestnut Foundation, Reinhardt College, Waleska, GA (oral and poster presentations).
- 2013. Southern Regional Meeting of the American Chestnut Foundation, Morrison, TN (workshop).
- 2013. Chattowah Open Land Trust/Georgia Land Trust/Alabama Land Trust Board and Friends of Berry College. Berry College, Mount Berry, GA (field tour).
- 2013. Atlanta Conservation Group. Berry College, Mount Berry, GA (field tour)
- 2013. Talladega/Mountain Longleaf Pine Conservation Partnership. Heflin, AL (workshop).
- 2013. Carbon Canopy Workshop. Forest Carbon Markets and Carbon Sequestration on the Domain, The University of the South, Sewanee, TN (workshop)
- 2013. City of Rome, Downtown Development Authority, Rome, GA (oral presentation)

2012. Reviewer and panelist for the National Science Foundation, Population Ecology, Division of Environmental Biology, Washington, D.C. (grant review panel)

2012. United States Department of Environmental Protection, Coastal Wetlands Restoration Group, Mount Berry, GA (field tour).

2012. United States Forest Service, Southern Research Station, Longleaf Pine Research Group, Technical Assistance Visit. Atlanta, GA (workshop).

2012. Dr. Lawrence MacAllister (Dr. Mac) Naming Kickoff Campaign, Mount Berry, GA (oral presentation).

2012. Annual Meeting of the Georgia Chapter of the American Chestnut Foundation, Mount Berry, GA (oral presentation, meeting host).

2012. Southern Regional Meeting of the American Chestnut Foundation, Morrison, TN (oral presentation, workshop).

2012. Rabun Gap Nacoochee School, Rabun Gap, GA (oral presentation).

2012. Shorter College, Emma Lewis Lipps Ecology Lecture. Rome, GA (oral presentation).

2012. Georgia Native Plant Society Plant Symposium, Marietta, GA (oral presentation).

2011. 4th Montane Longleaf Conference, Cheaha State Park, AL (oral presentation).

2011: Scientific and Economic Analysis of Environmental Issues: An Institute for Teachers on Free Market Environmentalism, Costa Rica (oral presentations and field tours).

2011. The American Chestnut Foundation Phytophthora Breeding Workshop, Chattanooga, TN (workshop).

2011. The American Chestnut Foundation Restoration Branch Event, Rome, GA (oral presentation).

2011. State Master Gardener's Association, Rome, GA (presentation).

2011. The American Chestnut Foundation Restoration Program Workshop, Morristown, TN (workshop).

2010. Cave Spring Historical Society, Cave Spring, GA (oral presentation).

2010. Annual Meeting of the Georgia Chapter of the American Chestnut Foundation, Athens, GA (oral presentation)

2010. Coosa River Basin Initiative, Waterfest, Rome, GA (poster presentation).

2009. City of Rome Visitors and Conventions Bureau, Rome, GA (field tour).

2009. Annual Meeting of the Georgia Chapter of the American Chestnut Foundation, Mount Berry, GA (oral presentation).

2009: Southern Regional Meeting of the American Chestnut Foundation, Chattanooga, TN (workshop).

2009: City of Rome Visitors and Conventions Bureau, Rome, GA (field tour).

2009: Cave Spring Wildlife Club, Cave Spring, GA (oral presentation).

2009: Darlington High School, Rome, GA (field tour).

2008: Daughters of Berry, Mount Berry, GA (oral presentation).

2008. Mount Berry Garden Club, Mount Berry, GA (oral presentation).

2008. Four Season's Garden Club, Rome, GA (oral presentation).

2008. City of Rome Visitors and Convention's Bureau, Rome, GA (field tours).

2008: The American Chestnut Foundation at the 2008 meeting of the Society for Conservation Biology, 13-17 July 2008, Chattanooga, TN (poster presentation).

2008. Adairsville High School, Adairsville, GA (field tour).

2008. Mountain View Garden Club, Rome, GA (oral presentation).

2008. Berry Middle School, Mount Berry, GA (field tour).

2008. GA Southern University, Statesboro, GA (oral presentation).

2008 GIS in Teaching and Research Conference at GA Tech, Atlanta, GA February 13-15 (workshop).

2008. Annual Meeting of the Georgia Chapter of the American Chestnut Foundation, Vogel State Park, Blairsville, GA (oral presentation).

2007. Bi-annual Meeting of the Georgia Chapter of the American Chestnut Foundation, Dalton State College, Dalton, GA (oral presentation).

2007. Bi-annual Meeting of the Georgia Chapter of the American Chestnut Foundation, Elachee Nature Center, Gainesville, GA (oral presentation).

2007. Urban Forestry Conference. Rome, GA (field tour).

2007. Panel discussion on balancing teaching and research at small liberal arts colleges. University of Georgia, Department of Botany. Athens, GA (workshop).

2007. Gordon County Master Gardeners Club, Mount Berry, GA (field tour).

2006 and 2007. 1st and 2nd Southern Regional Meeting of the American Chestnut Foundation. University of Tennessee - Chattanooga, Chattanooga, TN (workshops).

2006: The Georgia Chapter of the American Chestnut Foundation, Red Top Mountain State Park, Acworth, GA (oral presentation).

2006: Berry College Elementary School, Berry College, Mount Berry, GA. (field tour)

2006. 3rd Annual Stewardship Partners Meeting, National Fish and Wildlife Foundation-Southern Company, Auburn, AL (oral presentation)

2006. Floyd County Master Gardeners Club, Rome, GA (field tour).

2006. The Georgia Forestry Commission Exotics and Invasive Species that Impact Georgia's Forests Symposium, Berry College, Mount Berry, GA (workshop and field tour).

2006. The Georgia Chapter of the American Chestnut Foundation, Berry College, Mount Berry, GA (oral presentation and field tour).

2005. The Mountain Longleaf Conference, Berry College, Mount Berry, GA (oral presentation and meeting host).

2005. Environmental Science and the Teacher Graduate Course (EDU622), Berry College, Mount Berry, GA (oral presentation).

2005: National Fish and Wildlife Foundation/Southern Company, Berry College, Mount Berry, GA (field tour).

2005. National Association of State Foresters Forest Health Program, Berry College, Mount Berry, GA (field tour).

2005. Armuchee Middle School CIS Class, Berry College, Mount Berry, GA (oral presentation and field tour).

2005: The Nature Conservancy, Rome Area Landowner's Meeting, Berry College, Mount Berry, GA (oral presentation and field tour).

2004. High Meadows School (Ms. Robie's classes) (field tour)

2004: K-12 Professional Educators Development Workshop, Berry College, Mount Berry, GA (oral presentation).

2004: Outdoor Classroom Symposium, Berry College, Mount Berry, GA (field tours).

2004: Armuchee Middle School CIS Class (field tour)

2004: Armuchee Middle School (Ms. Gallagher's classes) (field tour)

2003: Mount Berry Garden Club, Mount Berry, GA (oral presentation and field tour).

2003: Georgia Botanical Society, Berry College, Mount Berry, GA (field tour).

- 2003: Mountain Longleaf Conference, Jacksonville State University, Jacksonville, AL (oral presentation).
- 2003: Scientific and Economic Analysis of Environmental Issues: An Institute for Teachers on Free Market Environmentalism, Costa Rica (oral presentations and field tours).
- 2003: MARKERS Summer Institute, Berry College, Mount Berry, GA (oral presentation)
2003. Workshop: Birds and Berries and Plant Secondary Metabolites: Frugivory, Detoxification and Utilisation, Heidelberg, Germany (oral presentations and workshop).
2003. University of Georgia, Athens, GA (oral presentation).
2001. University of Toronto, Toronto, Ontario, Canada (oral presentation).
2000. 3rd International Symposium-Workshop on Frugivores and Seed Dispersal. São Pedro, São Paulo, Brazil (oral presentation).
2000. Wright State University, Department of Biology, Dayton, OH (oral presentation).
1999. VI Neotropical Ornithological Congress, Monterrey, Mexico (oral presentation).
1998. University of North Florida, Department of Natural Sciences, Jacksonville, FL (oral presentation).
1998. International Ornithological Congress, South Africa (oral presentation co-author; D. Levey, speaker)
1997. Savannah River Ecology Lab, Aiken, SC (oral presentation).
1995. University of Tennessee, Department of Botany, Knoxville, TN (oral presentation).
1995. University of Florida, Department of Zoology, Gainesville, FL (oral presentation).
1995. Southeastern Louisiana University, Department of Biology, Hammond, LA (oral presentation).
1994. University of Florida, Department of Zoology, Gainesville, FL (oral presentation).
1994. International Ornithological Congress, Vienna, Austria (oral presentation).
1993. International Botanical Congress, Kyoto, Japan (oral presentation co-author; D. Whigham, speaker)
1992. University of Maryland, Department of Biology, Frostburg, MD (oral presentation).
1991. University of Pennsylvania, Department of Biology, Philadelphia, PA (oral presentation).

PRINCIPLE SENIOR COLLABORATORS:

Heidi Appel (Penn State University), Paul Banko (USGS - Hawaii), Katrin Boehning-Gaese (University of Mainz – Germany), Lynn Bohs (University of Utah), Gary Breton (Berry College), Donald F. Cipollini, Jr. (Wright State University), Barbara Crane (US Forest Service), Colleen Downs (University of Natal, South Africa), George Gallagher (Berry College), Christopher Hall (Berry College), John Hendrickson (Temple-Inland), Kirk Hinson (Southern Seed Company), Ido Izhaki (University of Haifa - Israel), Sylvia Lomascolo (University of Florida), Douglas J. Levey (University of Florida), Jack Schultz (Penn State University), Joshua Tewksbury (University of Washington), Ramona Walls (SUNY Stony Brook), Dennis Whigham (SERC - Maryland), Dean Wilson (Berry College), Michael Wink (University of Heidelberg - Germany)

DIRECTED STUDENT RESEARCH: (* = currently active Berry students)

Active student research projects:

2011 – present. Monitoring Ambrosia beetles for the implementation of integrated pest management in Georgia chestnut orchards. Erin Coughlin and Sam Watkins* (co-authors on presentations and manuscript in preparation), and Theron Kantelis* (MSN-DUR grant)

2006 – present. Georgia Chapter of the American Chestnut Foundation. Backcross breeding of Georgia American Chestnuts and the establishment of a backcross orchard on the Berry College campus and on the Henry family property. John Lull, Matt Summerlin, Reid Poppel, and William Watkins (student interns). Erin Coughlin and Sam Watkins* (co-authors on presentations and manuscript in preparation), and Theron Kantelis*.

2005 -- present. Berry College National Science Foundation Research Experiences for Undergraduate program and Berry College Work Program. Estimation of total carbon in a Mountain Longleaf Pine ecosystem in northwestern Georgia. Amy Huber (co-author of two published abstracts) and Rebecca Worley (co-author of submitted abstract), Jennifer Blalock, Glenn (Sam) Cassell, Josh Culberson, Thomas Baldvins, Kalia Miller, Cade Strippelhoff, Evan Lane, Chris McDaniel.

2004 – present. Berry College National Science Foundation Research Experiences for Undergraduate program and Berry College Work Program. Hardwood management in restoration of longleaf pine habitats: herbicide treatment and prescribed burning. Amy Gaskell (student; oral and poster presentation co-author, manuscript co-author), Christopher Worrell (student; poster presentation and manuscript co-author), John Oliver, Amy Huber, Carolyn Kujala, Hannah Pruett, Melanie Belk and Carly Donahue (students; poster presentation and manuscript co-authors), Jennifer Blalock, Peter Browning, Whitney Callaway, Glenn (Sam) Cassell, Ian Cipollini, Cecil Clark, Jake Dirnberger, George Frye, Kelly Graham, Eric Griffin, Sara Holbrook, Sarah Kovar, Carolyn Kujala, Evan Lane, Angela Lottes, Jay Love, Nicole Malloy, Lynde Mann, Wilder McCullough, Taryn McDonald, Amber Palmer, Amy Potts, Chris Rodriguez, Larry Rogers, Aikura Shimura, Eric Swanson, Nathaniel Wigington, Chris Worrell, Erin Coughlin, William Graham, Kartee Johnson*, Timothy Kim, Kalia Miller, Brett Tyler, Stuart Barrow*, Andy Montgomery, Averi Simpson*, and Sam Watkins* (student workers).

2004 – present. The establishment and maintenance of two Longleaf Pine seed orchards on the Berry College campus: one using cloned Berry College stock and the other using Berry College seedlings. George Gallagher, William Yeomans, Dean Wilson, Kirk Hinson, John Hendrickson (collaborators), and Chris Worrell, John Oliver, Marlin Cox, Jennifer Blalock, Peter Browning, Whitney Callaway, Glenn (Sam) Cassell, Ian Cipollini, Cecil Clark, Jake Dirnberger, George Frye, Kelly Graham, Eric Griffin, Sara Holbrook, Kartee Johnson*, Sarah Kovar, Carolyn Kujala, Evan Lane, Angela Lottes, Jay Love, Nicole Malloy, Lynde Mann, Andy Montgomery, Wilder McCullough, Taryn McDonald, Kalia Miller, Amber Palmer, Amy Potts, Chris Rodriguez, Larry Rogers, Aikura Shimura, Averi Simpson*, Eric Swanson, and Nathaniel Wigington (students workers).

1998 - present. Berry College Work Program and Forest Ecology class: Population structure and dynamics of a Long-leaf Pine (*Pinus palustris*) population on the Berry College Campus. Carly Donahue, Christopher Faulkner, James Golden Goss, Carolyn Kujala, Tiffany Fischer, Karen Vaughn, Carrie Manous, Kimberly Mink, Hannah Pruett, Sofia Arce-Flores, Eduardo Aguilar-

Espinoza, Chris Clary, Eric Paulk, Sarah Stephan, Maya Strahl, and Christopher Worrell, Berry College (oral presentation co-authors).

1997 - present. Berry College Work Program: Intra- and inter-specific variation in the chemistry of *Solanum* fruits. Lynn Bohs and Katrin Boehning-Gaese (collaborators), and Tiffany Fischer, Karen Vaughn, Carrie Manous, Kimberly Mink, Eric Paulk, and Rebecca Neal (students). Berry College. (poster and oral presentation co-authors, manuscript and published paper co-authors).

Completed student research projects:

2010 – 2013. Analysis of annual growth rings in male and female Spicebush (*Lindera benzoin*). Joshua Culberson, Kartee Johnson* and Kalia Miller (*co-author on published paper).

2010 – 2013. Analysis of reptiles and amphibians in the Berry College Longleaf Pine Management Area. Andrew Montgomery, Stuart Barrow, and Averi Simpson (co-authors on CSS symposium poster).

2009 – 2013. Forest Ecology class and Berry College Student Work Program. Vegetation structure and bird species diversity in a mountain longleaf pine ecosystem undergoing restoration (in preparation for Restoration Ecology). Thomas Baldvins, Joshua Culberson, John Kronenberger, and Andrew Montgomery (co-authors on published manuscript).

2005 – 2013. Berry College National Science Foundation Research Experiences for Undergraduate program and Berry College Work Program. Vegetation survey of Martha's Meadow, a calcareous limestone glade habitat. Maya Strahl (co-author of two published abstracts and one submitted manuscript) and Nicole Soper Gorden (co-author of one published abstract and one published manuscript).

1991 – 2013. Sources of sex-ratio variation in spicebush (*Lindera benzoin*). Dorothy Wallace-Senft, April V. Mills, Dennis Whigham and Jay O'Neill (collaborators) and Joshua Culberson, Kartee Johnson*, and Kalia Miller (student)

2010 – 2012. Honors' Thesis on the analysis of fecal and total coliforms in Swan Lake on the Berry College campus. Calvin Blake Bannister.

2005 -- 2012. Berry College National Science Foundation Research Experiences for Undergraduate program and Berry College Work Program. A survey of the herbaceous vegetation in the Berry College Longleaf Pine Management Area. Kate Currie (co-author of two published abstracts), Josh Culberson, Thomas Baldvins, Kalia Miller, and Cade Strippelhoff, (co-authors on presentations and published paper), and Evan Lane, and Chris McDaniel
2010 – 2011. Dendrochronological analysis of timbers obtained from the Roy Quillen log cabin in Livingston, GA. Timothy Kim and Nichole Dammann.

2004 – 2011. University of Arizona Ph. D. Program in Geography. Tree growth-ring analysis as a means of detecting climatic events in old-growth Longleaf Pine stands on Lavender Mountain, Berry College, Georgia and nearby longleaf sites. Troy Knight and Georgina DeWeese

(collaborators) and Christopher Worrell (student co-author of published abstract) and Jake Dirnberger, Kartee Johnson*, and Kalia Miller (students).

2004 – 2010. Berry College National Science Foundation Research Experiences for Undergraduate program, Berry College Work Program, and Berry College Honor's Program. Intraspecific variation in quinolizidine alkaloids of mamane (*Sophora chrysophila*) seeds. Paul Banko, Kevin Brinck, and Gary Breton (collaborators), Rebecca Neal (oral and poster presentation co-author, and manuscript co-author), Sarah Stephan (student), and William Brooks, and William Watkins (oral and poster presentations co-authors).

2003 – 2005. University of West Georgia, Graduate Program in Ecology. Restoring fire in a long-unburned mountain Longleaf pine forest: impacts on fine root and mycorrhizal fungi. Brianna Bennett (collaborator; MS Thesis)

2001 - 2005. Berry College Honors Program: The relationship between water chemistry and presence of troglobitic crayfish in Tennessee, Alabama, and Georgia caves. Genevieve Spanjer (honors thesis, oral presentation co-author, published paper co-author).

2001 - 2004. Berry College Work Program, Plant Ecology Class, and Directed Studies. The development of a management plan for Longleaf Pine (*Pinus palustris*) on the Berry College campus. Carly Donahue, Christopher Faulkner, James Golden Goss, Karen H. Vaughn, Sophia Arce Flores, Eduardo Aguilar Espinosa, Ian Cipollini, Chris Clary, Melanie Belk, George Frye, and Jessica Ball. Berry College (management plan co-authors, regional poster and oral presentation co-authors).

2000 - 2002. Berry College Work Program. Effect of nitrogen and water supplementation on herbivory by Eggplant Flea Beetles and Tobacco Hornworm on Horsenettle (*Solanum carolinense*). Eric Paulk, Berry College (published paper co-author).

1999 - 2002. Berry College Work Program. Seed chemistry of *Sophora chrysophylla* (Mamane) in relation to the diet of the specialist seed predator *Loxioides bailleui* (Palila) in Hawaii. Eric Paulk, Berry College (published paper co-author, regional oral presentation co-author).

1999 - 2002. Berry College Work Program and Summer Research Program in Environmental Sciences: Inter- and intra-specific variation in protease inhibitor activity of leaves and leaf herbivory on *Solanum* species. Tiffany Fischer, Karen Vaughn, Carrie Manous, Kimberly Mink, and Eric Paulk, Berry College.

1998 - 1999. Independent Research: An assessment of BioRinse as a post-chill treatment to reduce pathogenic bacterial loads on food products. Kristy Rae Collins, and Eric Paulk, Berry College. (web-based report co-authors)

1996 - 2000. Berry College Work Program: Glycoalkaloids of tropical *Solanum* species, Anna Sanders, Berry College (oral presentation co-author).

1996 - 1998. Berry College Honors Program: Antimicrobial properties of the glycoalkaloids of temperate and tropical *Solanum* species. Kristy Rae Collins, Berry College (manuscript co-author).

1996 - 1997. Berry College Honors Program: A study in forensic pathology: tetracycline accumulation in the bones of a 4,000 year old Nubian population. Kristy Rae Collins, Berry College (honors thesis, manuscript first author).

1996. NSF Research Experience for Undergraduates Program: The role of *Solanum* fruit pulp glycoalkaloids in influencing gut retention times and viability of seeds consumed by birds and mammals. Anna Sanders, Berry College and Sofia Wahaj, University of Florida (oral presentation and published paper co-authors).

1996. Berry College Work Program: Seed size and seed predation rates in the neotropical legume, *Sesbania emerus*. Bethany Garvey, Berry College.

1994. NSF Research Experience for Undergraduates Program: Seed dispersal syndromes in the Solanaceae. Teri Tamboia, University of Florida (published paper first author).

1993. NSF funded research. Liquid and thin-layer chromatography of glycoalkaloids of Solanaceous plants. Leslie Baggett, University of Florida.

1992. Smithsonian Institution Work/Learn Program: A model of patch dynamics and seed dispersal in the understory shrub *Lindera benzoin*. Dorothy Wallace-Senft, Bennington College, VT (oral presentation and published paper co-author).

1991. Smithsonian Institution Work/Learn Program: A two-sex matrix model of the understory shrub *Lindera benzoin*. April V. Mills, Hampshire College, MS (oral presentation and manuscript co-author).

1990. Rutgers University Biomedical Careers Program. Effect of fruit nutrient chemistry on growth of fungal fruit rot agents. Usha Rana, Rutgers University, NJ (oral presentation author)
