

Curriculum Vitae

Mark Turlington

Berry College
Department of Chemistry and Biochemistry
McAllister Hall 305B

phone: (706) 378-2947
email: mturlington@berry.edu

Education

- Ph.D. Chemistry, University of Virginia, Charlottesville, VA, August 2011.
- B.S. Chemistry, *summa cum laude*, Furman University, Greenville, SC, 2006.

Positions

- **Assistant Professor of Chemistry**, Berry College, 2013-present.
- **Adjunct Chemistry Faculty**, Nashville State Community College, Fall 2012.
- **Postdoctoral Fellowship**, Vanderbilt University, 2011-2013.

Courses Taught

- **CHM 221** (Organic Chemistry I)
- **CHM 221L** (Organic Chemistry I Laboratory)
- **CHM 222** (Organic Chemistry II)
- **CHM 222L** (Organic Chemistry II Laboratory)
- **CHM 341** (Biochemistry I)

Research Experience

- **Postdoctoral Research Fellow**, 2011-2013.
Vanderbilt University, Advisor: Dr. Craig Lindsley.
 - Synthesis of small molecules for positive allosteric modulation of the mGluR₅ receptor and small molecules for inhibition of coronavirus 3CL protease.
 - Natural product total synthesis.
- **Graduate Student Researcher**, 2007-2011.
University of Virginia, Advisor: Dr. Lin Pu.
 - Design of novel BINOL based ligands for asymmetric transition metal catalysis.
 - Development of new methodologies for asymmetric metal-catalyzed alkyne additions to aldehydes and applications of the resulting chiral propargylic alcohols in diastereoselective transformations.
- **Undergraduate Researcher**, 2003-2005.
Furman University, Advisor: Dr. Moses Lee.
 - Synthesis of distamycin related polyamides and determination of DNA minor groove binding properties.

Current Research Interests

- My research group focuses on projects in synthetic organic chemistry and medicinal chemistry.

- Current synthetic organic chemistry work explores the development of new methodology for the synthesis of chiral amines and chiral aza-heterocycles which are important structural motifs in many drug-like molecules.
- Current medicinal chemistry work explores small molecule correctors of the phenylalanine 508-deletion Cystic Fibrosis Transmembrane Conductance Regulator (F508del-CFTR) in collaboration with Dr. Steve Aller of the University of Alabama-Birmingham. Mutated F508del-CFTR is the predominate cause of Cystic Fibrosis.

Publications (Berry College undergraduate students underlined.)

Presentations

1. Oral Presentation: "Highly Stereoselective Synthesis of Terminal Chloro-Substituted Propargylamines and Further Functionalization." Presented at 71st Southeast Joint Regional Meeting of the American Chemical Society, Memphis, TN, November, 2015.
2. Invited Seminar: "Catalytic Asymmetric Alkyne Additions to Aldehydes." Presented at Shenzhen Graduate School Peking University, China, November 2010.
3. Departmental Seminar (*award based, from 1st place in Departmental Poster Session*): "Catalytic Asymmetric Alkyne Additions to Aldehydes: Progress Toward Versatile Synthetic Intermediates." Presented at University of Virginia, April 2009.
4. Poster Presentation: "Synthesis and Biophysical Testing of a Novel Polyamide-Benzamidine Conjugate." Presented at 57th Southeast Joint Regional Meeting of the American Chemical Society, Memphis, TN, November, 2005.

Service

College Service:

- Faculty Development Committee, 2014-present.
 - Committee Chair, 2015-2016.
- National and International Fellowships and Scholarships Committee, 2014-present.
 - Barry M. Goldwater Scholarship Faculty Representative.

- Endowed Lectureship Committee, 2014-present.
- School of Math and Natural Sciences Safety Committee, 2014-present.
- Center for Integrity in Leadership Planning Committee, 2014-2015.

Professional Service:

- Reviewer for manuscript submitted to the *Journal of Organic Chemistry*, 2015.
- Reviewer for grant submitted to ACS Petroleum Research Fund, 2015.

Community Service:

- “First Friend,” Nashville, TN 2011-2013.
 - Vanderbilt International Student Friendship Partner.
- International Student Friendship Partner, Charlottesville, VA, 2010-2011.
- Abundant Life 5/8 Volunteer, Charlottesville, VA, 2006-2009.
 - Mentoring program for underprivileged 5th-8th grade boys.
 - Lesson leader.
 - Assistant basketball coach.
- Clubhouse Volunteer, Greenville, SC, 2003-2006.
 - Tutoring and mentoring program for underprivileged elementary school children.

Fellowships, Honors, and Awards

- Drew Residential School on Medicinal Chemistry Full Tuition Scholarship, 2012.
- 1st Place, University of Virginia Departmental 3rd Year Poster Session, 2009.
- Merit-Based Departmental Fellowship, University of Virginia, 2006-2009.
- Phi Beta Kappa, 2006.
- Barry M. Goldwater Scholar, 2004-2006.
- James B. Duke Full Tuition Scholarship, Furman University, 2002-2006.
